*We Can Change Your Altitude!*

Press Release  
August 6, 2007

For years, Dorothy Anderson had talked about going for a hot-air balloon ride. This year, Dorothy's niece, Sally Knapp, her daughter, Mabel Markel, and Sally's husband Richard took Dorothy for a hot-air balloon ride with AE Balloon Flight for her 87th birthday. The weather didn't cooperate on Dorothy's birthday (May 26), so the balloon ride was postponed until June 24. Dorothy's balloon went in the air at 6:45 p.m. in Loganville and ended up in North York. Dorothy's grandson, Scott Markel, and his wife Jessica were visiting from Florida and got to be part of the big event. Everyone that was in the balloon that day said that it was well worth it, it was a beautiful day, and they saw a lot from way above the ground.
